

HOW LOVE SERVE GROW HELPED RYAN SHEDRICK FIND MORE FREEDOM AND JOY IN HER BUSINESS, BUILD DEEPER CONNECTIONS ON HER TEAM, AND HAVE HER BEST PERSONAL SALES MONTH IN TWO YEARS

Ryan Shedrick has been a member of Love Serve Grow since April 2022, along with 12 of her team members. She has been building a business with Seint for the last four years.

CHALLENGES

As a high-ranking leader in her networking marketing company (Seint), Ryan's passion has always been growing and leading a team, which ultimately lead her to feel overstretched and overworked. She wanted to create more work-life balance, as well as create a team environment that was focused on service instead of the common success metrics of money and ranks.

SOLUTION

Ryan joined Love Serve Grow, a high-touch training, coaching, and accountability program designed to teach aspiring network marketing leaders how to create hustle free success and build a **LIFE FIRST** business. Ryan enrolled in Love Serve Grow with 12 of her team members.

RESULTS

- Created a team environment focused on transformational selling and leadership, not transactional
- Had her best personal sales month in July 2022 since May 2020 – and is now passionate about selling (not just leading!)
- Team had its best sales month ever in July 2022
- Started a leadership team that has helped her create more time freedom and work-life balance
- Team members have deeper connections, are more engaged, and feel less pressure
- Ryan and team now work with strategy, intention and purpose

"Love Serve Grow has made my business so much deeper and more meaningful. There are so many more layers to this business, so much more you can do, and so much more impact you can have when you build it from a basis of transformation. Love Serve Grow allows you to tap into more success than you ever knew you could experience."

-Ryan Shedrick
